July 10 2020

Dear Parents,

As you would be aware, the State Government has extended the school holidays by 1 week, now ending on Friday July 17.

At this stage, no other information has been provided to schools, other than students of Essential Workers may attend for onsite care and supervision from Monday July 13 until Friday July 17. Please note that school's are required to offer care and supervision, similar to a Holiday Program, and will not be running regular classes or undertaking learning instruction. A CareMonkey form will be available from 2.00pm today for families of Essential Workers to register for approval for their child/ren to attend. You will be able to access this form from the email prompt or if you have downloaded the CareMonkey app you will be able to access the form from there.

OSH Care will still be operating a Before School and After School Program next week for those who require this service. You will need to be a registered user of the program and once approved for onsite supervision you can book directly with OSH Care by visiting <https://www.olwkingsbury.catholic.edu.au/location-contacts/before-after-school-care/> .

Students attending for onsite care and supervision next week will be supervised by various staff throughout the week. It is unlikely that their classroom teacher will be supervising them as teachers are required to prepare for a possible return to Remote Learning. We have not been informed of anything beyond this, but we will let you know as soon as we hear if we are returning to Learning from Home.

Students attending for onsite care and supervision are required to bring their own water bottle and snacks for morning recess and lunch. They will be required to wear their regular school uniform. Sanitiser will continue to be provided, but we ask that all students maintain good hygiene as we try to keep everyone as safe as possible.

Thank you for your support,

Yours sincerely,

Kevin Burke
