Curriculum and learning policy

Vision

Our Lady of the Way Primary School fosters inclusiveness based on faith, learning and community partnerships.

We seek to embrace the spirit, enlighten the mind, and awaken the whole individual, empowering them to become an active global citizen.

Charism

The Madonna Della Strada (Italian for Our Lady of the Way) is the patroness of the Society of Jesus. Its founder, Ignatius of Loyola, was said to have been protected by the intercession of the Blessed Virgin Mary during battle in his service as a soldier. On returning from battle, Ignatius would stop and pay homage to the image of his protector (the Madonna holding the baby Jesus) painted on the exterior wall of Saint Mary of the Way in Rome. It is believed that the image was first painted on the church wall around the 5th Century AD. This Church was later given to Saint Ignatius by Pope Paul III in 1540 and became the first Church of the Jesuits.

As members of Our Lady of the Way Parish we believe that like Ignatius, we too are 'Blessed' – we are loved by God, and that Mary is our 'Protector' and 'Guide' who invites us into a closer relationship with God and with one another. As the mother of Jesus, she was his first teacher who nurtured his understanding of his mission. May she continue to nurture us too as we come together to celebrate faith, learning and life.

Purpose

The Victorian Curriculum is the Foundation to Year 10 curriculum for Victorian government and Catholic schools for implementation from 2017. The Victorian Curriculum reflects Victorian priorities and standards for F–10 and incorporates the Australian Curriculum. It defines what it is that all students have the opportunity to learn as a result of their schooling, set out as a series of learning progressions. See <https://www.vcaa.vic.edu.au/curriculum/foundation-10/Pages/default.aspx>.

The Victorian Curriculum F–10 recognises that increasingly, in a world where knowledge itself is constantly growing and evolving, students need to develop, in addition to discrete discipline knowledge and understanding, a set of skills, behaviours and dispositions, or general capabilities, that apply across discipline content and equip them to be lifelong learners able to operate with confidence in a complex, information-rich, globalised world.

The Our Lady of the Way Kingsbury Curriculum Plan has been developed in light of the directions for Catholic education and principles of curriculum from the *Horizons of Hope* education framework: Catholic schools provide an excellent holistic education centred on the students and engaging them in

authentic, purposeful learning; and incorporating the philosophy of the Victorian Curriculum F–10 and the Religious Education Curriculum Framework.

The curriculum is a statement of the purpose of schooling and defines what it is that all students have the opportunity to learn as a result of their schooling.

Scope

Our school curriculum defines what it is that all students have the opportunity to learn as a result of their schooling at Our Lady of the Way Kingsbury.

At Our Lady of the Way Kingsbury, curriculum is enriched by the values, beliefs, perspectives and experiences of each member of the learning community when they engage actively with Catholic understandings of the human person. This orientation towards the person means that the process of curriculum design is shared with students, creating within them a sense of ownership and self-efficacy as learners. Our learning community fosters the conditions for students to have a voice in the design process, allowing them to make decisions about what they need to know and when.

Implementation

Our Lady of the Way Kingsbury currently implements the Victorian Curriculum.

The curriculum is designed and delivered from whole-school to level planning to individual teacher plans. These are created in a collaborative and supported environment. This ensures that a guaranteed and viable curriculum is driving student learning and lifting student outcomes.

Curriculum content

The school implements the Victorian Curriculum in order to provide students with a comprehensive and cumulative curriculum from Foundation to Year 10.

The school's teaching and learning program is the school-based plan for delivering this common set of knowledge and skills in ways that best utilise local resources, expertise and contexts. Information technology is an integral part of our curriculum as a basic tool for learning. Supported by our governing body, Our Lady of the Way Kingsbury will develop strong processes for monitoring student progress and the application of appropriate explicit teaching and intervention strategies.

Our Lady of the Way Kingsbury will also take inspiration from the *Horizons of Hope* education framework. This framework supports Catholic school communities to engage in dialogue about the distinctive nature of learning and teaching, leading learning and enhancing Catholic identity in our schools. The framework is a living document that has been added to over the years with examples of practice from schools, as well as additional strategy statements in the areas of Leadership, Wellbeing, Diversity and Religious Education.

Religious Education has a central place in the curriculum at Our Lady of the Way Kingsbury, as it reflects our unique character of Catholic identity and focus as a Catholic school. The primary source for developing our Religious Education program is the Religious Education Curriculum Framework, developed by our governing body MACS.
