Dear Parents & Families,

Mid-Year Reports will be distributed to families this Thursday. Please spend time discussing your child's achievements with them so that they are aware of your support for their efforts and progress.

As schools adopt the new Victorian Curriculum, you will notice a few more changes in the names of some subject areas and how and when subjects are assessed. The tracking of progress may still have some anomalies from 2020 to 2021 so please read the cover letter going home with the report to assist in understanding these changes.

PSG MEETINGS

PSG Meetings for students receiving educational adjustments are being held online this Monday & Tuesday.

Students that have additional learning needs have a PLP (Personal Learning Plan) which is developed and co-constructed with parents and teachers over time. Each term, parents of students who have a PLP are required to have a PSG (Program Support Meeting) with their child's teacher to discuss goals and achievements of the student and to plan learning goals for the next term.

It is a requirement of our NCCD (National Consistent Collection of Data) that students on PLPs have a PSG each term, that minutes are taken of the meeting and that the PLP and minutes are signed by all present at the PSG.

As outlined in our Learning Diversity Policy, these meetings are required to be during school times so that key people and external professionals working with the child can be present. To meet government guidelines, parents will be required to come into the office at the start of next term to sign the PLPs and PSG Minutes. For further information on NCCD collection, please follow the link below.

BUILDING UPDATE

All building work has almost been completed now and the Hall should be operational by the end of term, with final touch ups to be completed over the holidays.

HELP JORDAN!

There is a 10-year-old boy who goes to school at St. Mary's Greensborough. Jordan and his family are fundraising to get the money to go to America for Jordan to have lifesaving treatment for brain cancer.

Jordan is no different to us and we need to work together to help get his life back together. So this Friday, June 25, the SRC are holding a Casual Clothes Day and ask everyone who wears casual clothes to bring a gold coin donation. This will go into the fund to help Jordan get to America for this new treatment. Attached is a poster and a QR code if you would like to donate any more money to the cause.

Welcome back to school! We hope everyone remained safe and well during the two week remote learning period.

This week we have been chatting and catching up while painting and crafting on the art table. Over a few days, Coca has been painting a great portrait of Paddington Bear, while Violet is on her way to constructing a beautiful house for one of her toys. Outside, we've been improving our footy skills with a lesson from Zachary. Shaunak performed some excellent handballs, while Poppy showed great persistence and improvement in her kicks.

Information is now available and bookings are open for our upcoming holiday program! In line with the Education Department's Covid-19 guidelines, we will remain safely at school these holidays. We have plenty of fun themes and activities planned, including a Christmas in July day, Wacky Wednesday, and a Clowning Around day where we will get to use our brand new circus equipment! Please book as soon as possible to secure a place and assist us with our planning. If you're keen for your child to attend, but have not completed an OSHC enrolment form, please get in touch as soon as possible. We'd love to see you there!
